Long Range Plan Is Unveiled for City Development

By RICHARD HIGH

The first draft of the Twin Falls Comprehensive Plan, which, when adopted, will guide the long term development of the city, was unveiled Wednesday night before members of the Twin Falls Long-Range Planning Committee, Edward T. Ames, head of the Portland consultant team conducting the \$37,600 study, made a three-part recommendation that the city act to limit and guide the rapid off-center growth, give definition and continuity to city neighborhoods and contain and revitalize the downtown commercial center. Ames prefaced his presentation with a bombast: "This firm has projected the city's population growth for 1985, at which time the city will have about 27,000 persons."

Because of the relatively low growth rate, Ames noted, the rapid geographic expansion of the city's boundaries, primarily in the north and east, is creating a grave problem.

As a result of the off-center rapid growth, the city's downtown area has been left behind, no longer being easily accessible to the population center. At the same time, in the hurried expansion, great tracts have been left undeveloped within the city—about 500 acres, by the analyst's estimate.

Ames presented the city with several alternative policies it can follow with regard to the over-ambitious expansion:

"The city can either allow present expansion to continue, supplying city services after a subdivider has put in his tract—largely without supervision. The result of this, Ames said, would be continued enervation of the city center, with population decline in the older areas continuing."

Contingent on the Rock Creek development is the possibility of creating a high-class residential area nestled around the golf course and along the canyon. Similarly, population growth in the South Park area could be stimulated by providing parks and a school in the area.

As an adjunct to increasing the population density throughout the city, the planners recommended the city work to stimulate well-knit neighborhoods—each about a mile square—that would each have a park area and an elementary school.

Such neighborhoods, Ames said, would break down the city's existing street grid, in which there is a major artery every half mile.

Secondly, the city could draw a fixed line at the city limits, beyond which the city would not expand. This would allow the population to catch up with the city's broad area, but it would not solve the off-center development, Ames said.

Third, the city could promote growth of its boundaries by supplying utilities and school services to lure people into a desired area. "It does not sound like a good idea," Ames said, "but it would only make the problem worse."

Finally, Ames suggested and encouraged the adoption of a policy of both containment and encouragement of growth. Essentially, the north and eastern See PLANNING, Page 2, Col. 4

Red Delegates Return Home After Visits

TOKYO (AP)—Two East European Communist delegations are on their way home after visits to Peking and Hanoi during which they indirectly told North Viet Nam to get off the Moscow-Peking fence and the other counseled moderation in the Chinese-Soviet quarrel.

The North Vietnamese delegation, led by Premier Peng Chen, declared that they choose sides with the declaration of independence asserting that they have a "sacred right" to do as they please.

The first of the groups, an Albanian mission to Peking headed by Premier Enver Hoxha, rapped "vacillators" in an apparent reference to the fence-sitting of President Ho Chi Minh's regime.

The second, led by Vice Premier Emil Bodnarsky of Romania, called for unity within the Communist movement and appeared bent on mediating the Moscow-Peking dispute.

Peking Mayor Disgrace Is Speculated

TOKYO (AP)—The absence of Peking Mayor Peng Chen, one of Red China's most powerful men, from ceremonies honoring visiting Albanian and Romanian delegations added to speculation today that he may be in disgrace.

Mayor Peng, 68, is the Communist party hierarchy and is a member of its ruling politburo. He was absent from banquets given for each visiting delegation and did not go to Peking airport Wednesday to see the Albanians off or to greet the Romanians.

Tokyo students of Chinese affairs acknowledge that in the light of Communist Chairman Mao Tse-tung's coming and going the "who's missing and why" guessing game is somewhat of a tradition. They are wondering whether Peng has been caught up in the current anti-party purge.

Mao made his first announced public appearance in six months at the Vatican of the Albanians on Tuesday, and nearly everybody else who is anybody in the Communist party appeared.

Senator Kennedy Talks With Pope

VATICAN CITY (AP)—Sen. Edward M. Kennedy, D-Mass., and Pope Paul VI talked together today for 30 minutes in an audience in the Pope's private library in the Vatican.

There was no announcement at the Vatican of the subject of their conversation. Italian newspapers speculated that Kennedy probably told the Pope of his disappointment about efforts to aid American prisoners in North Viet Nam and to arrange for prisoner exchange.

It was the third time Kennedy has seen Pope Paul.

ERUPTION ENDS—Volcanic Mt. Etna (AP)—Continuing eruption in recent days appears to have ended, at least temporarily, volcanologists reported today.

BY GENERAL PLAN
DOWNTOWN REVITALIZATION proposal is discussed by Edmund T. Ames, planning consultant with the Portland firm of Cornell, Howland, Haydel and Merryfield, at the Wednesday night meeting of the Twin Falls Citizens' Advisory Committee for long-range planning. The planning firm is conducting a "701" Comprehensive Study of the long-range needs of the city. (Times-News photo)

American Combat Deaths Pass Vietnamese for Second Time

SAIGON, South Viet Nam (AP)—More Americans were killed in combat last week than troops of the South Vietnamese government, allied military spokesmen announced today. It was the second time that American combat dead exceeded the Vietnamese in the five years of American involvement in the war. Spokesmen announced 82 Americans died in battle last week compared with 61 Vietnamese, although the size of the government armed forces is nearly triple that of the 255,000-man U. S. force here.

It was also the lowest number of Vietnamese battle deaths this year.

During the politically turbulent week of April 3-5, 65 Americans were killed in combat compared with 67 government troops.

The 82 Americans killed brought the number of U.S. combat dead to an unofficial total of 1,388 for the year and 3-24 since Jan. 1, 1961. The Vietnamese reported 3,334 killed for the year.

Viet Cong losses were reported as 456 killed—the same figure as the previous week's—and 121 captured, an increase of 23.

As the war continued today, U.S. Marines and airborne troops battled the Viet Cong in three operations while American planes continued to pound targets in North Viet Nam.

A U.S. spokesman reported Navy planes from the Carrier Enterprise came two miles closer to Haiphong, North Viet Nam's major port, to hit a Soviet-built missile site Wednesday. The site was 10 miles from the port city, and the spokesman said smoke billowed 2,000 feet into the air after the attack.

The closest previous attack to Haiphong was 12 miles.

'Restraint' Is Key To Defend Policy

WASHINGTON (AP)—President Johnson and Secretary of Defense Robert S. McNamara have given Democratic campaigners a key word to defend U. S. policy in Viet Nam: restraint. Both the President and his cabinet member again applied this term to military measures they said are necessary—as Johnson put it Wednesday in a Princeton, N.J., speech—to uphold "the principle of choice over coercion, the defense of the weak against the strong."

Bluntly, McNamara told policy dissenters on the Senate Foreign Relations Committee that if the United States had not sent in combat troops, "the Viet Cong and North Viet Nam would have won."

"They would have slaughtered thousands and probably tens of thousands of South Vietnamese, and all of Southeast Asia would be in turmoil."

In these statements Democratic candidates for Senate and House—some who support the President's course and the pattern of how to defend it on the hustings; with Asia in the balance, the United States had reported voluntarily to the use of tightly controlled force in Viet Nam as the best hope of bringing eventual peace to the area.

Johnson's speech was directed at the academic community, from which has come much of the criticism of his policies. For those in this group who have counseled a pull-out, he had the reminder that "a great power influences the world just as surely when it withdraws its strength as when it exercises its strength."

He chided them to name another nation that "has spent the lives of its sons and vast sums of its fortune to provide the people of a small, distant nation the chance to elect a course we might not ourselves choose."

Johnson obviously has been worried by the defection of liberals and intellectuals.

Ford Reveals Highest Sales In History

DETROIT (AP)—Ford Motor Co. reported today its combined early May auto sales were the highest in Ford history.

The report included Ford division and Lincoln-Mercury. Ford division had reported record sales Wednesday night.

The two divisions reported combined new car sales of 58,085 units in the May 3-10 period. This topped the old Ford high of 56,500 set in the opening days of May last year.

Ford division and Lincoln-Mercury division reported combined sales of 59,005 cars for the period, topping the old high of 56,500 set in the opening 10 days of May last year.

Sales reports of the other auto companies were due later today.

They were awaited eagerly as a tipoff to whether an April slump in auto sales was just a temporary thing.

All three lines in the Lincoln-Mercury division—the Lincoln, Comet and Mercury—ran stronger in the May 10 market than they did a year ago.

Cold, Rainy Weather Signals End to Freeze

By The Associated Press

Cold, rainy weather spread into the Atlantic Coast states today, signaling an end to the week's freezes that plagued the orchards and gardens of the nation's northeastern quarter.

The storm of the center and southern Plains, subsided and drenching downpours of the middle Mississippi Valley lessened.

Rainclouds covered nearly all the states east of the Rocky Mountains and temperatures generally were well below mid-May norms. Morning frosts, however, was recorded only in northern New England, northern sections of Michigan and Minnesota, western South Dakota, and the northern and central Rockies.

Denver, Colo., got two inches of snow.

Stormy weather raised rivers in eastern Kansas and northwestern Missouri Wednesday, injuring one person and causing property damage. A tornado struck at Pilsburg, a city of 18,700 in southeastern Kansas, and blew the roof off part of a building in which several hundred persons sought shelter. Several homes were damaged.

A twister also struck seven miles north of Topeka, causing minor property damage. Several funnel clouds were spotted in the Kansas City area.

Severe thunderstorms with heavy rain and gusty winds and hail swept sections of Missouri, including the Columbia and Joplin areas.

Drenching rains hit northeastern Illinois, including Chicago and suburban areas. More than three inches doused Chicago since Wednesday morning compared to the normal monthly total of .375 inches for May.

Cold air spread from the northern Rockies into the central plains, and freezing warnings were in effect for Montana and northern Idaho.

The freezing weather this week has caused an estimated \$18 million damage to fruit and vegetable crops in Ohio, \$16 million in Michigan and \$11 million in Wisconsin. Damages in other states has not been estimated, including areas in New York, Virginia, Maryland, Delaware and Illinois.

Sen. Ribicoff Fears Army Overseeing Of Viet Nam Voting

WASHINGTON (AP)—Sen. Abraham Ribicoff said today if the military government of Premier Nguyen Cao Ky supervises elections in South Viet Nam, the outcome will be contested—and perhaps rejected. And Sen. Albert Gore said he hopes U. S. Ambassador Henry Cabot Lodge will return to Saigon with explicit instructions from the White House to support free elections in the warring Southeast Asian nation. The two Democrats, Ribicoff of Connecticut and Gore of Tennessee, talked of the projected elections as the Senate Foreign Relations Committee summoned Lodge to a closed-door session on the Viet Nam situation.

Ribicoff urged Senate approval of his resolution asking President Johnson to seek election supervision by U. N. observers.

"If the Ky government supervises elections," Ribicoff's statement said, "the results will be contested—and may well be rejected by the other elements of the Viet Nam power struggle."

"Politicians supported by the United States alone would also be unsatisfactory," the senator added.

Lodge, back from the war zone for consultations, conferred Tuesday night with President Johnson and the National Security Council. Secrecy has shrouded the substance of Lodge's discussions.

Another item before the committee today: A proposal to give a share in supervision of the Central Intelligence Agency.

Sen. Eugene J. McCarthy, D-Minn., is pressing that bid, seeking seats for three foreign relations committees on the Senate panel which oversees the secret intelligence agency.

It is now composed of senators from the armed services and the intelligence committees. Sen. Richard B. Russell, D-Ga., chairman of the CIA panel, opposes the McCarthy plan.

Gore and Sen. J. W. Fulbright, Arkansas Democrat who heads the Foreign Relations Committee, have expressed concern at newspaper accounts from Saigon which they said indicated Lodge is not enthusiastic at the prospect of Vietnamese elections.

"We'll find out," Gore said in an interview.

Secretary of Defense Robert S. McNamara has declared the administration supports election supervision and pledged that American forces will not interfere with balloting by Communists if they choose to vote.

African Students Condemn Restrictions

JOHANNESBURG, South Africa (AP)—Angry university students condemned with "horror and deep distress" today government restrictions against the head of a student organization sponsoring a visit by Sen. Robert F. Kennedy, D-N.Y., next month. "We view this banning with abhorrence and disgust," student leader Dave Hirschmann told a rally of 1,500 students at Witwatersrand University. Similar student rallies were held in Cape Town, Durban and Grahamstown. The restricted student, Ian Robertson, 21, is president of the National Union of South African Students NUSAS and played a major role in arranging Kennedy's appearance. The government gave no reason for its action against him, but students said they believe it was connected with the Kennedy visit.

Watched by security police, gowned students at Johannesburg's Witwatersrand University stopped cars passing the university and handed out pamphlets saying, "We will not give up our responsibilities in the face of intimidation."

Condemnation of the government's action poured in from students' representatives in Johannesburg, Cape Town, Durban and Grahamstown. But a student organization which supports the government and its official spokesman, the African Students' Union, expressed its approval.

The white supremacist government Wednesday prohibited Ian Robertson, president of the multiracial National Union of South African Students (NUSAS), from taking part in any NUSAS activities.

Declaring the 21-year-old student leader a banned person under the suppression of communism act, the order also restricted him to the Cape Town and neighboring Weinberg districts. However, he will be allowed to complete law studies.

Mrs. Hurst, Home Agent, Dies in T. F.

Mrs. Agnes A. Hurst, 52, Twin Falls, Colo., extension home agent, died late Wednesday evening in Magic Valley Memorial Hospital following a brief illness.

Mrs. Hurst became ill and collapsed Tuesday evening while driving her car. It is believed she had a stroke.

A resident of Twin Falls for the past four years, Mrs. Hurst was born Sept. 10, 1913, in Nebraska and attended school there. She attended Chadron State Teachers College at Chadron, Neb., and taught school for three years.

She was married to David A. Hurst on June 4, 1940, and the couple moved to Boise, Idaho, in 1947 where she was employed by the Forest Service. She entered the University of Idaho in 1951 and received her Bachelor of Science degree in home economics.

Following her graduation she moved to Mountain Home, Idaho, where she taught school until 1957, when she moved to Jerome. She served as the Jerome County home extension agent until her move to Twin Falls in 1962. Mrs. Hurst resided at 155 8th Ave.

Mrs. Hurst was active in See MRS. HURST, Page 2, Col. 4

Sen. Murphy Scores Demo For Attack

SHOSHONE—A biting retort in answer to an attack on the state merit system made by Democratic candidate for governor Charles Herndon was made Wednesday by Republican Sen. Jack Murphy, Shoshone, president pro tem of the Idaho Senate and candidate for lieutenant governor.

In his statement Murphy said, "The unfortunate remark of one of the Democratic candidates for governor pertaining to the state merit system simply demonstrates a lack of understanding of our state government."

This law passed by the legislature was supported by both parties. It did not apply only to employees in the Republican offices, but to all employees of the state of Idaho, employees in Democratic and Republican offices.

"Should Mr. Herndon not recognize the value of the merit system it is suggested that he talk with any state employee. It is understandable that a politically inspired candidate for high office would criticize the opposition party, but it is not understandable, I cannot understand, why any such candidate would disregard the merit system of his own party," Murphy said.

"In his zeal for campaign support Herndon would like this state to step backward into the spoils system. Idaho cannot afford the cost of Mr. Herndon's promises."

Wednesday in a Boise paper Herndon had said, if elected, he would re-write a lot of job descriptions and would discontinue some jobs that were never needed in the first place. He said the merit system is a safety spout system and makes it all but impossible to fire one of the incumbent's appointees.

Herndon also said there are plenty of "good deserving Democrats" who can do a better job than the "big name" Republicans.

"Bad government" began upon

Bond Issue Was Biggest, Best Margin

The \$3 million College of Southern Idaho bond issue passed Tuesday in the largest bond issue ever passed in Idaho for educational purposes, according to state Department of Education records.

The records show it also passed by the largest majority of any major educational bond issue in the state. The margin of approval in Tuesday's election was 83.95 per cent.

Canvassing of the vote in the GST bond election will be held during the regular board meeting Monday night, Dr. James L. Taylor, college president, said Thursday.

Flag Kits

Kits containing American and Idaho flags, a two-section hardwood pole, cord and hardware needed to display the flags are available at the Times-News.

The Times-News is offering the flag kits again this year as a public service. They are being sold at cost of \$3.50 plus tax and are available at the Times-News business office.

Three of the major holidays on which flags are flown will occur within the next two months: Memorial Day, May 30; Flag Day, June 14; and Independence Day, July 4.

Program Eyed

WASHINGTON (AP)—President Johnson may ask the next Congress to vote "Major Improvements" in the Social Security program.

Thinking forward by Robert M. La Follette, Social Security Commissioner.

HOUSE PASSES BILL

WASHINGTON (AP)—With a dissenting vote, the House has passed a bill to speed up the review of military personnel and their dependents.

Wonderful Vote

It might take a few more days to get used to the idea, but it wasn't a dream; Jerome and Twin Falls counties actually did approve a whopping \$3 million bond issue to build a junior college campus. And the margin of approval leaves no doubt about the desire of residents of the two counties. If ever there were a mandate in any election in Magic Valley, there's certainly one in the bond election results. In effect, the college's board of trustees was told to get about the task of building a fine junior college. It takes no crystal ball to find a heart-warming vote of confidence in board members themselves in results of the bond election.

Side effects of the bond election are many and it will be possible to read many interpretations into the lopsided vote. Besides approval of the \$3 million bond issue and expressing confidence in the board of trustees, property owners also approved the site and preliminary plans. These were part and parcel of the whole presentation.

But more than anything else, Tuesday's election wasn't the end of something; it's beginning of the college campus and perhaps something else that's even bigger and better. The bond election could mark the turning point in relations among the cities and counties of Magic Valley. Voters proved that residents of neighboring cities and adjacent counties can agree on an issue, a worthwhile program. Magic Valley citizens can rise above petty jealousies, old differences and pointlessly bickering. In a few years, Magic Valley residents will find that the College of Southern Idaho has become a rallying point, an institution of which the entire valley will be extremely proud.

Unfortunately, work on the CSI campus won't be starting tomorrow or even next week. There are fiscal arrangements to work out, bonds to be sold, plans and specifications to be drawn, bids to be called and contracts to be let. Ground-breaking ceremonies are still a few months in the future. It'll be roughly 18 months before the campus will be ready to receive its first students.

But these next months of waiting will be simple compared to the type of waiting that preceded the bond election. Practically all of the individuals who worked so hard at disseminating information in preparation for the election were certain the bond would be approved. But scarcely one expected such a large turnout or such a big majority. Both the turnout and majority were a monument to the efforts of all these persons who worked so tirelessly in behalf of the bond election. Each and every one deserves the highest of praise.

Dr. James L. Taylor, CSI president, put in many long hours in behalf of the bond issue, as did the five trustees, Robert S. Blalock, J. H. Shields, John Coleman, Eldon Evans and W. D. Wiseman. Outside this official CSI "family," perhaps the most effective worker was William Grange who coordinated most of the educational effort.

The impact of one man was felt in the bond effort even though he's no longer a resident. That man is Jack Shaw, who spearheaded the Twin Falls drive to form the junior college district. His dedication to the junior college idea and his intensive organizational efforts carried over into the bond election.

Everyone can take deep satisfaction in results of the election. Perhaps above everything else, Tuesday's election proved once and for all that roads lead into a community as well as out of a community and there's two-way traffic on all those roads. It also proved there are no barriers to Magic Valley cooperation.

TIME TO STAND FAST

Idaho's Legislative Council has a membership problem that may not have any easy solution. When a vacancy developed, House Democrats served notice on the council that Rep. Herman McDewitt, D-Bannock, was favored for the spot. And just to make certain Mr. McDewitt got the appointment, all other eligible Democrats signed their resignations from the council in advance. The council appointed Rep. A. W. Joslyn, D-Elmore, and he promptly turned down the appointment after his pre-dated resignation was refused.

No one has made it entirely clear why Mr. McDewitt is so set upon serving on the council. And House Democrats haven't explained why they're so adamant about the appointment. But members of the Legislative Council should have no doubts about their position. The council cannot yield to the pressure. The council should make it crystal clear that pressure tactics won't work. The appointment has been made and the council should go right ahead with its work. If the appointed legislator refuses to take part and declines all council assignments, so be it. There'll be a new legislature, and a new council after the first of the year.

NATIONAL WHIRLIGIG

WASHINGTON — I am pleasantly intrigued by some of the specifics in the federal government's program for reimbursing the nation's hospitals for services rendered to medicare patients. While giving the hospitals a fair share of the Medicare payments also to be made under a pretty good deal for the taxpayers.

For example, the American Hospital Association which has never been accused of shameless altruism, had proposed vigorously for a system whereby government payments to the hospitals for patients over 65 would be based on the average per diem hospital costs. This is the formula used in most hospital reimbursement plans by private insurance companies.

But Uncle Sam said thanks, but no thanks. Instead, medical payments to hospitals will be based on the average daily cost for the over-65 group. Social Security Commissioner Robert M. Ball says this will save the government nearly 10 per cent, since average daily costs for younger patients are considerably higher than those for the aged. It is refreshing to discover a government big shot who takes the kind of an attitude toward the taxpayer's dough.

SEES END OF COST RISE—Ball also has some good news for the public — if his thesis is valid. He says the new reimbursement regulations probably will mean a cash gain for all patients because they will put the brakes on rising hospital costs. Hospital income will go up, says Ball, because in the past the hospitals have not received full reimbursement for all care, and this will be reflected in bills to those not under Medicare. Meanwhile the Medicare plan will encourage hospitals to bring all charges into line with actual costs.

THIS has considerable appeal to the AHA, as reflected in the statement by the association's president, Stanley A. Ferguson, that the new plan is a "practical compromise." Ferguson also may have been influenced by some other fringe benefits to hospitals.

PAY IN ADVANCE — Among these is the government's concession whereby hospitals will be given a grace period of up to 18 months to put the new cost procedures into practice. Hospitals also will be provided interest-free advances from the Treasury so they won't have to lay out money for goods and services to Medicare beneficiaries — and this is interest that money might draw. In July, for example, the Treasury will advance some \$200 million to hospitals to cover one-month's services.

Moreover, the government's formula covers not only direct costs, such as room, board, nursing and medical care, but also indirect costs, interest on current and capital indebtedness. With such generous terms, it is hard to see how Medicare can prove to be anything but a boon to the hospital business.

TROUBLES AHEAD — As of now, there are two potential trouble spots in the program. The undoubtedly will be a court test of the provision which allows the value of voluntary services by nurses or other members of religious orders to be counted as an operating expense. And nearly 2,000 of the country's 7,000 hospitals have not yet complied with the de-segregation requirement of the Civil Rights Act.

But Ball is optimistic about the program generally. He points out there should be no serious inconvenience caused by the integration issue since two-thirds of the country's hospital beds are located in the 5,000 hospitals that have complied with the de-segregation order. The religious hospitals, he says, are the ones that have the most serious problems. The system will have to live with whatever the courts decide.

WHAT ABOUT RECREATION LAND? The thousands of motorists who paid \$7 each last summer into the Land and Water Conservation Fund must be a bit surprised at the way some of their money is being spent.

It Gets Worse Every Year

POT SHOTS

EMBLEM OF ANCIENTS — Dear Pot Shots: All of my Mother's Day cards have the emblem of a red rose. I never knew what it meant until I received the card from Blanche. The ancients used it for love and devotion to the one it was sent to.

Harold Loggan — CUT DOWN! So often I am rendered speechless when too many others are loquacious. And because they're rude and so tedious I have no chance to be vivacious.

May Napier Burkhardt (Buhl) — FAMOUS LAST LINE — "She brainwashed herself into liking herself."

GENTLEMAN IN THE FOURTH ROW — NEW YORK (AP) — Tippi Hedren, who is as cool and lovely as a vanilla ice cream cone, has served only two masters in a brief, spectacular film career.

Alfred Hitchcock, after seeing her in a television commercial, picked the exciting young blonde to star in two of his thrillers.

Then Charlie Chaplin chose her. It rarely falls to the lot of a screen newcomer to work consecutively for two such top directors. The experience certainly thrilled Miss Hedren, and left her a bit worried about whom she will work for next.

"It is hard to compare Hitch and Charlie," she said over a cup of coffee. "Both are taskmasters and demand perfection. But they arrive at it from different directions."

Hitch directs through conversation and vocabulary. He tells you clearly what he wants. "But Charlie? Well, it's like watching all his old movies. He directs by showing you. He takes the part of each character, turns and acts it out himself."

Tippi, who started as a model at the age of 13 in a Minneapolis department store, isn't sure just what she'll do next.

Interpreting The News

By JAMES MARLOW

WASHINGTON (AP)—So far in 1966 the two biggest arguments are over the war in Viet Nam and the danger of inflation. These are not unrelated.

The more the government spends on war, the more profits and wages are affected. Without the war, inflation might seem more remote.

President Johnson, trying to play cautious on how far to go with the war and how far to go to prevent inflation, is making people sore in both cases.

Instead of asking for a tax boost as a major anti-inflation move, he has asked labor and business to take it easy.

Easy means keeping down prices and big wage demands. These are his guidelines, voluntary action, requested of both sides.

But there are arguments on all sides: There should be direct government controls on prices and wages; there should be a tax increase without other controls; neither controls nor taxes are needed.

A few things that happened last week show the divided thinking, if not confusion. Gardner Ackley, chairman of the President's Council of Economic Advisers, asked whether it wasn't time for business to paint a little less about profits.

He asked: "Does anyone imagine that labor will continue to show moderation in its wage demands when prices and profit margins are continually rising?"

But many recent wage settlements have substantially exceeded the guideline suggested for labor, that wage increases should be limited to 3.2 percent a year. Labor spokesmen are not satisfied with the guideline idea.

One complaint they make: The guideline puts a suggested lid on workers while leaving the

The Doctor Says

By WAYNE G. BRANDSTADT, M. D.

Q — What causes pneumonia? How long does it take to get over the aching in the chest?

A — There are many causes of pneumonia. The commonest form is caused by the pneumococcus, with viral pneumonia running a close second. Pneumonia may also be caused by tuberculosis, parrot fever, tuberculosis, plague, many fungus diseases and by accidentally inhaled food or other foreign bodies (aspiration pneumonia).

Pneumonia does not cause pain in the chest but may lead to pleurisy, which does. How long a pleurisy can last is subject to many imponderables.

Q — My niece is in her seventh month of pregnancy. She writes that she is jaundiced and must stay in bed. Can she or her baby be saved?

A — The jaundice may be due to infectious hepatitis (coming at an inopportune time) or acute yellow fever. If the liver is a but serious condition associated with pregnancy. In either case, this should be treated as an emergency by a skilled obstetrician.

Q — What is the longest period of gestation on record? In cases where a husband and wife have been separated this may be of legal significance.

A — A definite answer cannot be given because we have no sure way of determining the exact date of conception. It is possible, however, that after the middle of the time between the last menstruation and the first missed period.

Cases have been reported in which the duration of pregnancy according to the best estimates available exceeds 11 calendar months but no obstetrician believes his right mind would let a pregnancy continue that long today.

Q — Recently I bought a set of Telfon-coated pans and skillets. Today I read that a high temperature of 400 degrees Fahrenheit is needed to destroy bacteria. Is this true?

A — In order to get fumes from Telfon the temperature must reach 380 degrees Centigrade. This is 716 degrees Fahrenheit. So the answer is, yes, it is true.

Q — I discarded the set of diamonds on a club at trick two and then led the queen of diamonds. I took my king and led the suit back, whereupon he

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON — Within the closely guarded precincts of the Joint Chiefs of Staff, the latest working estimate of the total of American ground troops required in Viet Nam is not less than 500,000 men, possibly 600,000 men.

But these are conditional estimates reflecting the crucial dilemma of the Johnson administration in the undeclared war. The President

is being told that if he wants to improve the Air Force bombing program for Hanoi, he must withdraw troops from the North.

They help to explain the statements of such a normally loyal administration supporter as Sen. Richard Russell, chairman of the Senate Armed Services Committee. Russell has been saying that, if the full strength of America's air arm cannot be employed, then the war must come to a halt.

What must be baffling to the President, and not less so to Secretary of Defense Robert S. McNamara, is the way the signals get changed. Six weeks ago the word out of Viet Nam was that Hanoi could infiltrate no more than 500 men a month from the North to the South.

This is largely conjecture. The intelligence lag is anywhere from three to five months, leaving only shreds of information. By the time these fragments are pieced together, the resulting picture is outdated.

The President has said repeatedly, above all, in arguing in his office with the doves, that he wants a "less drastic" moderation. He appeals to critics to support him against those who would make it an all-out war. There is every evidence of sincere belief in this, however.

Since this is a congressional election year Johnson doesn't have to have a political psychologist tell him that a tax increase is not likely to make voters happy.

But Johnson has a seldom-used 21-man Advisory Committee on Labor-Management Policy. He told it "disquieting signs are beginning to appear."

He called on it for advice, saying: "I want you to ask yourselves: If you were president, what would you do?"

There is any check? Any halting? No. These are the questions the commander in chief must ask in the long and lonely vigil of his watch over the war.

Bridge by Jacoby

CRISS-CROSS PLAY — IS DEADLY WEAPON. A letter from Mesa, Ariz., reads: "I guess I must be a tripe — dyed chump at the card table. Maybe I'm greedy or perhaps I just can't stand prosperity."

Q — The jaundice may be due to infectious hepatitis (coming at an inopportune time) or acute yellow fever. If the liver is a but serious condition associated with pregnancy. In either case, this should be treated as an emergency by a skilled obstetrician.

WORLD-CHAMPION RACING TURTLE, holding the record for the 17-foot dash of 45.1 seconds, is displayed by Karen McClusky, 10, daughter of Dr. and Mrs. David A. McClusky, Twin Falls. The speedy turtle, named Chug-A-Lug, recently

World Champion T.F. Turtle Is Expert at Old Shell Game

Twin Falls has been host to the world champion racing turtle, Chug-A-Lug, during the past few days, but few people except the children at Washington School know it.

Chug-A-Lug arrived in Twin Falls early this week at the home of his trainer's parents, Dr. and Mrs. David A. McClusky, fresh from the world championships.

Since that time he has been shown about town to the grade

school set by Karen McClusky, 10, the younger sister of turtle trainer, Mary McClusky, a student at the University of Idaho.

The shellback only last Saturday loped down the 17-foot dash track at Turtle Downs, adjacent to the Phi Delta Theta House at the university, to set a new track record of 45.1 seconds, which, according to the Idaho students, is a world record.

that sluggish field of 18, the indomitable Chug-A-Lug, bedecked in a ribbon, prepared for the great race.

The eight-inch, oval-shaped sprinter, outraced the challenger from Washington State University for the world title.

Modest, Chug-A-Lug refused to comment on his victories, which netted his mentors nearly \$700, of which \$600 will be sent to the Jamestown, N. D., Crippled Children's Home.

According to Karen, the secret of the streak alliter is he was taught to run on the horse rug, where he could get a good grip on the floor. Another advantage, she pointed out, is

Push Resolution

UNITED NATIONS, N.Y. (AP) — Africans on the U.N. Security Council are pushing a resolution that would have the council call on Britain for an armed blockade of Rhodesia and armed force to overthrow the white minority regime there.

Diplomats generally expressed doubt that such a strong proposal could get the nine votes necessary for adoption by the 15-nation council.

that he seems to prefer to travel in a straight line, apparently a prerequisite of a champion.

T. F. Student Gets Naval Scholarship

Fred Cogburn, son of Mr. and Mrs. Jack Cogburn, Twin Falls, is the recipient of a Naval Reserve Officers Training Corps scholarship of nearly \$8,000.

The award will cover tuition, textbooks and other fees, plus a monthly retainer pay.

He plans to attend the University of Washington as an aeronautical engineering student. The scholarship requires he take at least 24 hours of naval science courses and participate in drills and summer cruises.

Successful applicants for the scholarship, such as Cogburn, are appointed midshipmen, and upon satisfactory completion of naval science and bachelor degree requirements, the midshipman, although on reserve status in college, is commissioned as a regular officer.

Burley Man Nominated For Honor

UNIVERSITY OF IDAHO, Moscow — Boyd Earl, Burley, a senior chemistry major at the University of Idaho, will be named for an Honor Award by the American Institute of Chemistry at the next meeting of their western chapter at Los Angeles May 10.

At the meeting the organization will recognize top seniors in chemistry and chemical engineering from leading institutions of the Pacific area. Earl is the Idaho nominee, according to Dr. Malcolm M. Renfrew, head of the physical science department.

Earl's academic achievement has been recognized by membership in the academic honor societies of Phi Beta Kappa, Phi Kappa Phi and Phi Eta Sigma. He also has been a member of the Intercollegiate Knights, service organization, and the student affiliate chapter of American Chemical Society.

FRED COGBURN, who has received a Naval Reserve Officers Training Corps scholarship, plans to attend the University of Washington.

part in the National Science Foundation's undergraduate research participation program at the university and has held scholarships from Texaco and the Davis Brothers Rotary scholarship.

Earl has been awarded a National Science Foundation predoctoral fellowship to the University of California at Berkeley for graduate study in chemistry starting next fall.

a one-set sprinkler that will water the exact shape of your lawn!

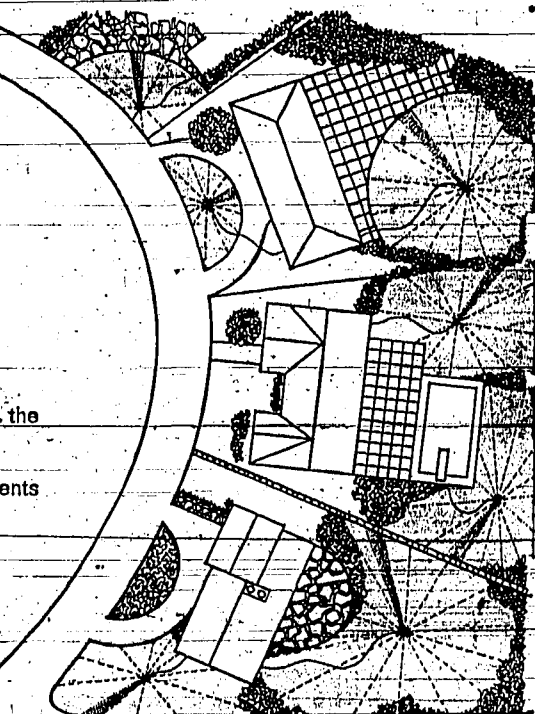

Throws low, flat spray that's virtually unaffected by wind. Saves water. Saves time.

The sprinkler with a brain. Now Gates gives you a better way to water. The amazing new Rain Dial Contour adjusts to water the exact shape and contour of your lawn. Because it delivers water only where you want water, the Rain Dial is better than a soaking rain. Avoids areas you want to keep dry. Eliminates handwatering corners and hard to reach areas. Spray radius extends from five to 40 feet. *Set it once and forget it.* Simple cam adjustments enable you to "program" the contour in minutes to fit the shape of your yard. Once set, the sprinkler "remembers"—waters exactly the same area every time. Hundreds of pattern variations at your command.

Low, flat spray virtually unaffected by wind. Like the original Rain Dial, the Contour Sprinkler sprays large, rain-like drops, low to the ground, unaffected by wind. Uniform coverage and minimum evaporation save water.

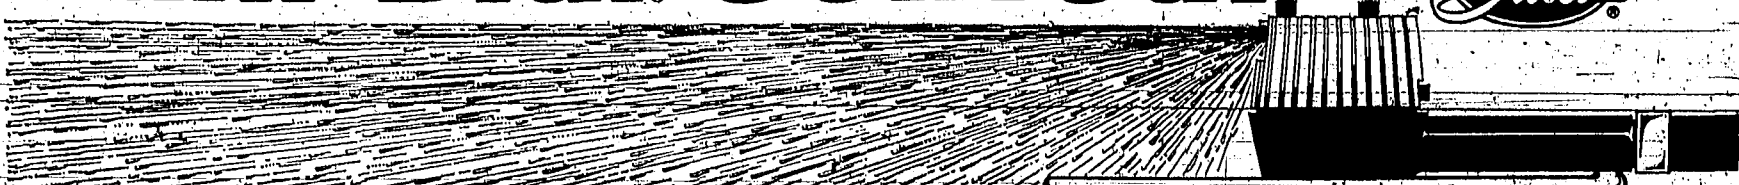

Will give years of service. Metal parts are treated to resist corrosion. Quality materials and construction assure long, dependable service. Gates Rain Dial Contour Sprinkler

Idaho Tax Valuation Ratios May Hit Property Owners

BOISE (AP)—Adjustment of Idaho's wide-ranging tax valuation ratios to make them all the same in four years may mean sharp jolts for individual property owners along the way.

The goal is assessment of all Idaho real and personal property for tax purposes at 30 per cent of cash value and all utilities at 40 per cent of cash value by Jan. 1, 1970.

The real and personal property assessments ranged from 11 to 30 per cent of cash value around the state when the property assessment equalization program was adopted by the 1965 legislature.

Assessment ratios varied not only between counties, but between different properties in the same county depending on methods county assessors used to figure full cash value and assessment.

The legislative program gives counties four years to adjust ratios step by step until they reach the 30-40 ratios.

The first adjustment step this year is the basis for many of the questions piling up in Johnson's office.

In one case, he said, the valuation on a home jumped up 67 per cent between 1965 and 1966.

That was because the assessed valuation in past years had been too low, Johnson said. Valuation of other homes in the same area did not jump up that high.

In addition to the goal of uniform assessment of full cash value, the tax commission has established a uniform procedure for determining a property's full cash value.

For residential property, the basic standard is the current replacement cost, less depreciation for the age of the home. For business property, the standard is income earning value.

Assessors who refuse to follow those standards face a \$300 fine for each offense and suspension or removal from office under the new law.

National Guard, Reserves Plan to Hold Open House

Local units of the Idaho National Guard and U.S. Army Reserves will open their training and facilities to the public to celebrate Armed Forces Day, May 21.

All area National Guard units will hold open house a week early to coincide with their training schedule.

The units of the 118th Armored Cavalry Regiment will host a special recruit training school in the Jerome National Guard Armory May 14-15. Men from Jerome, Twin Falls, Burley, Rupert, Buhl, Gooding and Halley will attend the school.

The Jerome facility will be open from 1 p.m. May 14 until 3 p.m. May 15 during the training period. Interested persons will be able to view training with M-1 rifle and drills.

The Twin Falls and Burley Army Reserve units will hold an open house at the U.S. Army Reserve Center in Twin Falls from 3 p.m. to 5 p.m. May 21, at which recruit training will be conducted.

The Reserve open house will feature a demonstration of broad hiking by the heavy section of Company B of the 372nd Direct Support Quartermaster Battalion. Other sections of the unit will be conducting a field maneuver near Pocatello.

War Teaches Soldier Meaning and Purpose in Life

BY TOM TIEDE
CHINH TAM, Viet Nam (NEA) — Older men declare war, it has been said, but it is youth who must fight and die and it is youth who must profit from so much death, so much sacrifice and so much ruin.

Anthony J. Anno, for instance, Tony Anno used to be one of the wilder whippers in Los Angeles County. His rodeo and

dances. He says the only reason he didn't wind up in jail was because he never got caught. But that was scores of jungle patrols ago. Hundreds of fire fights and thousands of dead soldiers in the past.

"I remember we used to get on an ambush patrol. It was drizzling rain and dark as hell and we were sitting by the side of a road waiting for Viet Cong to come by.

"We were there for hours but finally I heard them shuffling toward us. I reached over to wake up the guy with me and when I turned around again there was this VC looking right at me from over the top of a

bush. For a second I just stared at him. "I don't know why he didn't shoot, the dumb cluck. He had more time than me. But I brought my rifle up first and let him have it full automatic, probably hit him 20 times right in the face.

"The first one, the worst one. After a time it gets easier. Everything the VC's do in a plastic bag."

But it is youth who must fight and who must profit. "I've learned to appreciate things in this war, little things, letters, perfume. I treasure an old Bible my dad carried in the Second World War. Television, high fi, even warm water in a bathtub, they're all something precious now.

SUPPORTS FLYING
BOISE (AP) — A proposal to fly Boy Scouts from 11,000 feet to the World-Boy Scout Jamboree in Farragut State Park next year won Gov. Robert E. Smylie's backing Wednesday.

The proposal was made in Washington, D.C., by Rep. L. Mendel Rivers, D-S.C., chairman of the House Armed Forces Committee.

He suggested that the scouts be flown to the North Idaho site in Air Force planes.

POWER CUT OFF
IDAHO FALLS (AP) — The city of Idaho Falls was without power for about an hour Wednesday afternoon.

The power outage was an incident of a series of power problems that began Tuesday night. Lightning struck a wire on the south side Tuesday and knocked the insulation off. Wednesday it blew down.

SUPPORTS IDEA
BOISE (AP) — A suggestion that northern California provide more water for the Colorado River Basin received support from Gov. Robert E. Smylie Wednesday.

I think that's something to be looked into and something we've been saying for some time," the governor told his news conference.

The suggestion came up at hearings on the proposed \$1.6 billion Colorado River Basin project in Washington, D.C., before a House interior subcommittee.

PURCELL SPEAKS
BOISE (AP) — Congressional candidate Robert B. Purcell of Lewiston asserted here Wednesday night "the people of Idaho's first district are tired of congressional representation by news release and promise, and a decided lack of hard work and action."

Purcell spoke to the Ada County Purcell for Congress committee. He said that the Idaho Republican caucus seeking the nomination against Democratic incumbent Compton I. White.

"The incumbent has demonstrated his inability, regardless of his intentions, to divorce himself from the political establishment that is played by the public works officials," Purcell said in his prepared remarks.

PROCLAIMS WEEK
BOISE (AP) — May 13-14 was designated National Public Works Week by Gov. Robert E. Smylie Wednesday.

In a proclamation, the governor asked the state "to acquaint themselves with the problems involved in providing the public with facilities, and to recognize the important role in our state that is played by the public works officials."

Chaplin Has First Movie In Decade
LONDON (AP) — Charlie Chaplin has finished shooting his first movie in a decade and says he hopes to start another before very long.

"You've got to keep the mental batteries charged," he said Wednesday night, "by doing nothing like activity for doing that. People are telling me I look much better than when I started this movie."

Chaplin, 77, was speaking at a small dinner celebrating the end of studio work on "A Countess from Hong Kong." He wrote and directed the film, which stars Sophia Loren and Marlon Brando.

"It's amazing what this picture has done for him," said Chaplin's wife, Oona. "He looks so much younger and yet he's been working harder than anyone — six and sometimes seven days a week."

Chaplin said he will go to his home in Switzerland for a few days, then come back to London to edit the picture and complete the musical score. He said he plans to spend some time with his family, then I want to make another picture."

And I've already told Charlie that I want to be in it," said Miss Loren.

A spokesman for Universal Pictures, which financed "A Countess from Hong Kong," said he had heard the story line of Chaplin's proposed movie "and we are very interested — it's a wonderful story." He gave no clues to its content.

Chaplin was reminded that "Countess" took 30 years from the inception of the original idea to getting it on film.

"Well, I won't take so long next time," he replied. "After all, I haven't got time to waste now. If I spent another 30 years on this idea I'd be 107 before I got it finished."

Gets Probation
BERKELEY, Calif. (AP) — Lynda Koollah, 19, a blonde coed at the University of California, is on probation because she boasted "American Nazi" in the pants.

Miss Koollah, a freshman, was given 30 days probation Wednesday by Municipal Judge Floyd Talbot on a charge of battery.

She was arrested after interrupting a rally last month by three uniformed members of the American Nazi party by kicking one of them.

Space Dispatch Exchanges Are Said One-Sided
PROVIDENCE, R.I. (AP) — The American astronaut's doctor says space exchanges of information with the Russians is still pretty much one-sided on the part of the Americans.

But says Dr. Charles A. Barry, the Russian doctor is slowly beginning to provide more information.

He told an annual meeting of the Rhode Island Medical Society Wednesday night that he attended a conference with the Russian counterparts last month in Las Vegas. Next fall, he and a Russian doctor will be co-chairmen of a conference in Spain.

Takes Time
MEMPHIS, Tenn. (AP) — It took 30 years, but the Joseph Cavolos are finally divorced.

Mr. Cavolos filed for divorce April 24, 1937, at the time he was 17 years old. He was then 15 years old. He was then 15 years old. He was then 15 years old.

DROWNED IN TUB
IDAHO FALLS (AP) — A one-year-old Idaho Falls girl drowned Wednesday night in the bathtub of her home.

Police identified her as Marlene Simpson, daughter of Mrs. Marlene Simpson, 322 W. 18th St.

The infant's father, Mr. Simpson, also lives in Idaho Falls.

Officers said the infant was apparently being watched by some older children at the time. Efforts to revive her were unsuccessful.

DIRECTOR NAMED
LEWISTON, Idaho (AP) — Robert L. Damm of Myrtle, Conn., Wednesday was named the new director of the Idaho Historical Society, which operates a museum at Boise.

The announcement was made by A. L. Alford, Lewiston, chairman of the Idaho society board.

Damm, 34, succeeded H. V. Swinney, who resigned last Nov. 1, to become director of the Adirondack Museum at Blue Mountain Lake, N.Y.

The appointment is effective June 1 and Damm expects to reach Boise about June 15.

Tent Circus Will Appear Here Friday
A big three-ring tented circus will arrive in Twin Falls Friday morning for two performances at 1751 Elizabeth Blvd., next to the Twin Falls city building.

The circus will be put on by Carson and Barnes Combined Circus.

Feature star of the show will be the celebrated television host and star of his own long time series, Kirby Grant, better known as "Sky King." He will appear in person at both performances.

Other stars include a lion tamer, a tiger tamer, a performance of a lion tamer, a performance of a lion tamer, a performance of a lion tamer.

Art Exhibit Presented by 6 T. F. Hospital Employees
An art exhibit painted by six employees at Magic Valley Memorial Hospital held an art exhibit in which they displayed more than 60 of their oil paintings and pencil sketches.

Four of the six artists are, from left, Charles Hopkins, chief engineer at the hospital; Mrs. Dorothy Loder, Mrs. Grace Reeves and Mrs. Rosa Farmer, all licensed practical nurses. The paintings are, top left, "Milan Cathedral"; bottom left, Mrs. Farmer, "Olympia Falls"; top right, Hopkins, "Milan Cathedral"; and Mrs. Loder, "Oregon Coast."

Rites Honor K. E. Moller
RUPERT — Funeral services for Kenneth Eugene Moller were held Tuesday at the Minidoka LDS Stake Tabernacle with Bishop Oler McBride of the Rupert Second Ward officiating.

C. Paul Moore, minister of the First Christian Church, gave the prayer at the mortuary and Bishop Ross Hunsaker gave the invocation. Bishop McBride gave the obituary and remarks.

Speakers were Rev. Kale King, Episcopal vicar, and C. Paul Moore, Mrs. Dollis Barlow was organist, accompanist and also presented a piano solo. Soloists were Nancy Williams, accompanied by Susanne Hunsaker and LeMar Olson, accompanied by Mrs. Barlow.

Theron Griffin gave the closing prayer.

Active pallbearers were John Moellmer, Roger McMurtry, Mark Oliver, Russell McClellan, Douglas Miller, Jack Bell and Steven Wheeler. Honorary pallbearers included Ronald Moller, Kurt Moller, Nels Moller Jr., Phillip D. Nelson, Darwin Nelson, Larry Duffin, Daniel Detmers, Jim Luebecke, Kyle McBride, Don Edwards, Earnest Capel, Dave Phillips and Roland.

Flowers were arranged by Marilyn Moller, Marty Moller, Marilyn Bell, Louise Luebecke, Carolyn Covey, Linda Duffin, Larson, Jennifer Detmers, Capel, Oliver and Margaret Bell under the direction of the Second Ward Relief Society of which Mrs. Marshall Eilers is president.

David Moller gave the dedication prayer at the Rupert Cemetery.

Late Award
SAN FRANCISCO (AP) — The Army finally got around to awarding a medal Wednesday to Reginald Bradley, 73 years after his part in the Indian campaign. Bradley is 88.

Surveyor Vehicle Clears Way For Its First Lunar Mission
ALAMOGORDO, N.M. (AP) — The Surveyor vehicle for unmanned, gold moon landings has made its first descent without the aid of parachutes, clearing the way for its first lunar mission May 30.

The spacecraft landed successfully Wednesday at Holloman Air Force Base near Alamogordo after a 30-second descent from a height of 1,000 feet.

Tests had been under way at Holloman for more than a year but previously parachutes had been used to assist Surveyor in part of the descent.

The National Aeronautics and Space Administration (NASA) will not commit money to lunar surveys until more is learned about the lunar surface. Surveyor would send back that data.

History's first soft landing on the moon was made Feb. 3 by Russia's Luna 9. NASA officials have conceded that Luna 9 gave Russia a lead in the race but not necessarily the overall edge.

Because of the complexity of the mission, seven identical Surveyors are being built in hopes that at least one will succeed before the end of 1967.

The Surveyor program had an original 1963 target date for a lunar landing but ran into troubles. The program was called by a congressional committee "one of the least orderly and most poorly executed of NASA projects."

The Holloman test director for Surveyor, G. P. Steffen of Hughes Aircraft Co., said that Wednesday was the first time a complete descent under Surveyor's own power had been attempted.

"This is very significant and we're all delighted," he said. "We have this day tripled our confidence."

Hughes is prime contractor.

Gets Probation
BERKELEY, Calif. (AP) — Lynda Koollah, 19, a blonde coed at the University of California, is on probation because she boasted "American Nazi" in the pants.

Miss Koollah, a freshman, was given 30 days probation Wednesday by Municipal Judge Floyd Talbot on a charge of battery.

She was arrested after interrupting a rally last month by three uniformed members of the American Nazi party by kicking one of them.

May Fellowship Luncheon Held By Local UCW

May Fellowship Luncheon of the Twin Falls Council of United Church Women was held at the First Baptist Church. Special guests were Rev. and Mrs. Robert Harway, Rev. and Mrs. Forrest Hibbard, Rev. and Mrs. Warren Howell and Rev. and Mrs. B. F. Waas, moderator and retired minister of the Church of the Brethren. The salad luncheon was served at tables decorated with spring flowers and Maypoles. The Baptist women served hot rolls and coffee. Mrs. Robert Stepanovich, assisted by Mrs. Emma Steffen, was in charge of the program. She spoke briefly concerning the Church World Service truck which would be in Twin Falls at the First Methodist Church May 16. She advised that clothing be taken to each church and then taken to the central place. She announced that Mrs. Charles Sloan and Mrs. Lincoln Keesner, co-chairmen of the migrant ministry project, would be asking for help from all interested women. Mrs. James Sharkey, president, is anxious that women

recognize this as an opportunity to help in working with the Spanish-speaking people in our area during the spring and part of the summer. They can call either Mrs. Sloan or Mrs. Keesner and advise them of the days they can assist. The audience gathered for the program of the afternoon while Mrs. Carl Benson, accompanist for the hymns, played the prelude. Mrs. Betty Dugan gave the call to worship and Mrs. Sharkey gave a welcome address. The May Fellowship Worship Service, "People, Poverty, Plenty: Discover Plan-Act!" was presented by Mrs. John Saylor, Mrs. Dugan, Mrs. Paul Moseley, Jr., Mrs. Ivan Squires, Mrs. R. L. Roberts, Mrs. Gay Hasselblad, Mrs. Forrest Hibbard and Mrs. George Driver. Mrs. Max H. Guyer, accompanied by Mrs. Warren Howell, was soloist. Rev. B. F. Waas spoke on the theme of the day, with special emphasis on "Action." One of the emphases of UCUW is to develop strategies for improving the economic order. Out of his many years of experience in the ministry and his earlier experiences of trying to get an education on his own, he gave many illustrations of the need to improve our economic order by finding a way

Annual Style Show Slated

HAILEY — Members of the Wood River Jay-Cettes will hold their second annual style show at 8 p.m. May 17 at the Holiday Hut, Sun Valley. Mrs. Phil Warner, chairman, said sportswear, afternoon and evening dresses and children's clothes will be furnished by Your General Store, Ketchum, and The Sage Shop, Triple "S" and Wood River Mercantile, Hailey. Mrs. Rodney Brasse, club president, announced there will be a talent program and special prizes. Proceeds will go to the Jaycee Park for playground equipment. Newly appointed standing committee chairmen include Mrs. Robert Smith, welfare; Mrs. Ike Thomas, joint affairs; Mrs. Donald Knight, Christmas activities; Mrs. Harold Ruby, parliamentarian; Mrs. Carl Hoskins, state projects; and Mrs. Robert Casky, hospitality. to use our vast ability as a nation to produce, to feed a hungry world. Mrs. Fred Moore was in charge of the offering and the benediction was given by Rev. Mr. Harvey.

Mrs. S. Moris Is Speaker at Luncheon Meet

Mrs. Stanley Moris, wife of Dr. Moris of the State Tuberculosis Hospital, Gooding, was guest speaker at the Delta Chapter, Alpha Delta Kappa Sorority, May luncheon meeting at the Stockman's Lodge, Hagerman. Mrs. Moris spoke of the possibilities of service still open in Tanzania, Africa, and the present needs of the country. She showed slides of leprosy progress. Dr. and Mrs. Moris have just returned after spending 28 years in Tanzania. Dr. Moris was a leprologist and was in charge of a large leprosy hospital in Tanzania. Two of Mr. and Mrs. Moris' sons are now serving in East Africa, one a university professor and the other a civil

Guest Day Observed by Wendell Club

WENDELL — Guest Day was observed by the Hillside Club at the Civic Club Room. Mrs. Albert Lancaster and Mrs. William Grout were enrolled as new members.

Other guests included Mrs. James Gunning, Mrs. William Logan and Mrs. Clifford Iverson.

Hostesses were Mrs. H. A. Houtburg, Mrs. Raymond Ruby and Mrs. LeRoy Gilbo.

Members told of favorite recipes that were made by their mothers. A Mother's Day reading was given by Mrs. J. M. Morgan, and readings by Mrs. William Terry and Mrs. Ralph Regan.

Mrs. Regan conducted a paper and pencil game, with Mrs. Grace Porter winning the prize. Mrs. Raymond Lancaster was soloist, accompanied by Mrs. Glen Bright.

Reports of all members and remembrances sent were reported.

Club Luncheon Reports Given

KING HILL — Reports were given by Mrs. Glenn McCleary, president of the Home-Improvement Club, on the Elmore County Homemakers Extension Club luncheon, when the King Hill Club met at the home of Mrs. Floyd McKee.

Mrs. John Davis reported that Mrs. McCleary was presented a trophy at the luncheon for the outstanding homemaker of the year of the King Hill Club.

Plans were discussed for the home extension meeting to be held May 18 at McKee.

Mrs. Kenneth Ruby, home extension agent, presented a lesson, "Nutrition." The June meeting is at the home of Mrs. Robert Robertson.

Norman Eakin Is Honored

JEROME — Members of Calvary Episcopal Church gathered for a parish potluck dinner to honor one of their members, Norman Eakin.

Related birthday anniversary wishes, evidenced by a cake and a gift, were given to Eakin by his fellow parishioners, as tokens of their affection and gratitude.

Dinner was served buffet style. Members sat at tables decorated with bowls of spring flowers centered with floating candles. The candles were made by Sunday school children, and additional pairs, gaily wrapped, served as favors at each place.

Malcolm Stuart, senior warden, made the gift presentation, with appropriate expressions of thanks, and welcomed members of Eakin's family.

OUR 30th YEAR

SHIRLEY CHRISTENSEN

Local Miss Will Present Senior Recital

Mrs. Teala Bellini will present Shirley Christensen in her senior recital at 8 p.m. Saturday at the LDS Stakehouse, Maurice Street, Twin Falls.

Assisting artist is David Hamilton, violinist, with Mrs. Lloyd Hamilton as accompanist.

The program will include "Organ Prelude in G Minor" by Bach, "Berceuse" by Debussy, and "Sonata in No. 29" by Mozart. Miss Christensen, Hamilton will present "Romance Op. 22" from "Second Violin Concerto" by Franck.

Miss Christensen will also present "Nocturne Op. 72, No. 3" by Chopin; "Bird as a Prophet Op. 83, No. 7" by Schumann; "Love Song Op. 7 No. 1" by Suk; and "Soguidilla" by Albeniz.

Miss Christensen started the study of piano with her mother, Mrs. Jack Christensen, at an early age. She then studied with Mrs. Norman Herzinger and for the past three years has studied with Mrs. Bellini.

Miss Christensen plans to continue her study of music and will enter Ricks College in September.

The public is invited to attend the recital.

LDS Theology Lesson Given

HAGERMAN — Mrs. James Meacham gave the theology lesson, "The First Presidency — Keys of the Kingdom," at LDS Relief Society meeting at the LDS Church.

Music was under the direction of Mrs. Neils Anderson and Mrs. Ethel Boyer.

Prayers were given by Mrs. Ernest Tolley and Mrs. Jack Allen. The Thursday lesson is the social science lesson. The closing social is May 26. During the summer months one meeting each month will be held for work day.

Women Meet

Favorite expressions of mothers was the topic of discussion at the Salmon Social Club meeting at the home of Mrs. B. (Violet) Williams.

Club prizes were won by Mrs. Lula Farrar and Mrs. Ben Corney. The next meeting is set for June 2 at the home of Mrs. Roy Smith.

Valley Church Women Host Fellowship Tea

KING HILL — The Fellowship Tea was well attended by church women from King Hill, Glenna Ferry and Glenna at the Baptist Church, Glenna Ferry.

Mrs. R. I. Barnes, president of the King Hill United Presbyterian Church was chairman of the program, assisted by Mrs. Arthur Greer, Mrs. Nathan Miller and Mrs. George Reeves.

Mrs. C. L. Harris, Glenna Ferry, was elected chairman for 1966-67 and Mrs. Miller was elected secretary and treasurer for the fellowship program.

Mrs. Wes Lee Host, Hamilton, was moderator for the program. A panel discussion was presented by Robert Helmick, Elmore County public assistant; Mrs. Arthur Greer and Mrs. Robert Robertson, King Hill; and Mrs. Harris, Glenna Ferry.

Seven churches were represented.

Beautification Month Named By Governor

BOISE — Gov. Robert E. Smylie proclaimed the month of May, 1966, as Keep Idaho Beautiful Month during a preliminary conference on anti-litter and beautification held in Boise.

Twin Falls residents interested in the project attending the meeting reported the program consisted of presentations by representatives from the highway, parks, fish-and-game, forestry and commerce and development departments.

Keep America Beautiful, Inc., was organized in 1953. Its specific contribution to beautification is limited to combating litter. This is a matter of personal responsibility and personal pride, reports Mrs. T. W. Hicks, Twin Falls.

"People cause litter, and only people can prevent litter. On the average, local residents are responsible for about five times more litter than are tourists," she stated.

Litter prevention begins at home with the individual, and around the home for sanitation and fire prevention reasons.

"Littering is a matter of courtesy and safety. It is a dollars and cents matter, according to a statement made by Roger Baertsch, representing the Keep America Beautiful, Inc.

"Litter clean-up costs the U.S. taxpayers \$500 million each year. Each day 100 cars are destroyed by fire starting in or feeding on rubbish or litter. A clean, attractive community indicates civic pride," he stated.

All Idaho residents are urged to exert care and effort so that they may always be a clean and beautiful state for those who live and work here, as well as for visitors.

JACKIE ANN WEST

Jackie West, Schell, Reveal Wedding Plans

WENDELL — Mr. and Mrs. Clyde E. West, Wendell, announce the engagement of their daughter, Jackie Ann, to Jon Schell, son of Mr. and Mrs. Frank Schell, Twin Falls.

Miss West is a senior at Wendell-High School. Schell is employed at Spradling's Texaco Service Station, Buhl. He was graduated from Chadron High School, Chadron, Neb., and attended the College of Nebraska for two years.

A November wedding is planned.

Social Events

The Swinging Sixties will dance at 8 p.m. Friday at the Moose Hall. Coffee and punch furnished.

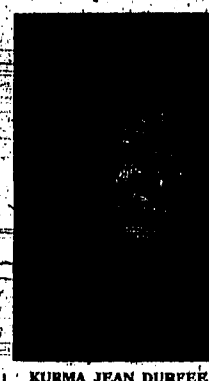

Camp Anna-Marie, Daughters of Utah Pioneers, will meet at 2 p.m. Friday at the home of Mrs. Ruth Hendrickson, 688 Alturas Drive.

All Royal Neighbor members in the area are invited to attend the district convention Saturday at the IOOF Hall. Registration will begin at 9 a.m. and the business session will open at 10 a.m. Family and friends are invited to the banquet at 6 p.m. at the Rogerson Hotel. The evening session at the IOOF Hall are open to the public.

Bridge Played

SHOSHONE — Mrs. R. I. Baertsch was hostess for members of the OK Bridge Club. Guests were Mrs. Marlene Onida, Mrs. Max Coffman and Mrs. William Thompson.

Score prizes were won by Mrs. Coffman, Mrs. James Baralena and Mrs. Onida. Traveling prizes were won by Mrs. Clyde Rapp and Mrs. James Baralena.

KURMA JEAN DURFEE

Miss Durfee Reveals Troth

WENDELL — Mr. and Mrs. Dale Durfee, Wendell, announce the engagement of their daughter, Kurma Jean, to Michael Smith, son of Dr. and Mrs. Robert Smith, Boise.

The bride-elect was graduated from Wendell-High School and the University of Idaho. She is an English instructor in the Boise school system.

Smith is a graduate of the University of Colorado. He attended UCLA, Los Angeles, Calif., for post graduate work for two and one half years. He is an instructor in political science at Borah High School.

An August wedding is planned.

Attend Parley

JEROME — Mrs. Ernest Coupe, Jerome, recently elected president of the State Association of Baptist Women, left by plane for Kansas City, Mo., to attend the National Convention of Baptist Women.

Prior to the national level meeting, she will be involved in state-level meetings dealing with various phases of women's work.

Primaries Haven't Shown Impact of War, Cost of Living

WASHINGTON (AP) — Nine states have now held primaries without any indication to date of major impact at the polls from chief concerns among voters — the war in Viet Nam and the rising cost of living.

Historically, any widespread sense of discomfort or dissatisfaction has reacted against the Inc. no matter of which party.

UP President Testifies at Rail Hearing

CHICAGO (AP) — There are no present plans to cut back existing passenger service on the Rock Island line if a merger with the Union Pacific is approved, E. H. Bailey, president of the Union Pacific, has testified.

Bailey made the statement during testimony Wednesday at an Interstate Commerce Commission hearing into the proposed merger of the two railroads.

"We propose to continue, at least for a time, whatever the Rock Island passenger service is in effect at the time of the merger," Bailey said.

Bailey was also questioned by E. Barrett Pottymann Jr., counsel for the Western Pacific Railroad, about the possible effect of a Union Pacific-Rock Island merger on the Western Pacific.

Bailey said he believes the proposed union would strengthen Western Pacific's position.

He added: "It will strengthen the entire transcontinental rail route."

Bailey was cross-examined for a third day by counsel for midwestern and western railroads that are opposing the proposed merger.

The Chicago and North Western Railway, a major opponent, has filed a counter proposal to acquire stock control of the 700-mile Rock Island.

The hearing, in its second week, has been recessed until Monday.

Polio Victim Pitches Ball With Knees

ST. PAUL, Minn. (AP) — Young Donny Warn pitches a mean fast ball.

In a vacant lot near his home, he drops his body back to the ground, falls to his knees and throws his fast ball.

Donny, 13, can't stand and pitch. Because of polio, he wears stiff metal braces and gets around on crutches.

But he does have a wicked fast ball thrown from his knees.

Other players in Donny's vacant lot league don't baby Donny. Sisters Audrey and Joyce, brother Pow-Wow, and friends shout their encouragement, but chide him for a poor pitch.

"C'mon Donny," yells batter Pow-Wow, "how about gettin' one to me?"

Donny, his knees still on the ground, cocks his right arm back and snaps it like a pitcher with both feet solidly on the ground.

Pow-Wow gets a hit, and it is Joyce's turn. She tags a solid drive into the street, and Donny twists at the waist and follows the ball's flight silently.

Finally, Donny goes into the batter's box, crouches under his arms to prop him up, and takes a good cut at a ball thrown by Pow-Wow. He smacks it, clearly hit, but foul.

"I can hit it most of the time," Donny will say. "I hit pretty well, too. Someone does my running for me."

"I guess I hit all right, but I'd rather pitch,"

Donny, who has nine brothers and sisters, was afflicted with the disease nine years ago.

Doctors say he will never walk again without the aid of braces.

Heart Failure Is Death Cause

Cause of death for Delbert R. Modlin, who was found dead at the scene of a one-car accident on Eastland Drive Monday afternoon, has been termed "coronary thrombosis" by Acting Coroner Al Robinson.

Mr. Modlin's car left the roadway Monday and came to a stop near a red fire marker on Eastland Drive. When officers arrived at the scene Mr. Modlin appeared to be dead, so officers called Robinson. The coroner confirmed the man was dead but said an autopsy may be necessary to determine the cause.

Wednesday afternoon, after consultation with several persons, Robinson signed the death certificate, without an autopsy, and termed the death heart failure.

Country Cousins 4-H Club Meets

Two demonstrations were given during the Tuesday meeting of the Country Cousins 4-H Club held at the Sisker residence.

Launa Sisker gave a demonstration of preparing and cooking fresh vegetables and Karen Sisker gave one on outward signs of good health.

Mary Lynn Burkhardt, president, presided at the meeting. Kay McCandless had the flag program.

The next meeting will be May 24 at the home of John Burkhardt.

Yet in the primaries thus far the voters have evidenced no disposition to turn out incumbent members of Congress who were challenged within their own parties.

Nevertheless, political strategists are holding to their estimates that what happens in the congressional elections next fall will be greatly influenced by the developments in Viet Nam and on the price front.

In the normal course, the minority party picks up seats in the House of Representatives in an off year election, particularly when it has lost heavily in the presidential year as the Republicans did in 1964.

Thus, the GOP will have to gain a substantial number of House seats in order to claim success in this year's campaign.

Picking any number as the break even point between success and failure could bring arguments on both sides.

But Chairman John M. Bailey told the Democratic National Committee earlier this year that historically the party in power loses 37 seats in the House in an off year election. He reminded that the Democrats lost 77 seats in 1940, two years after a landslide victory by Franklin D. Roosevelt in the presidential election.

Senate Republican leader Everett M. Dirksen has been talking of a possible GOP pick-up of 50 seats.

Holding 140 seats now, the Republicans would have to gain 78 in order to take control of the 435-member House.

Of the nine states which have held primaries, six have elections this year for the Senate but in only two were incumbent senators opposed in the primary: Democratic Sens. John Sparkman of Alabama and Fred R. Harris of Oklahoma breezed to renomination in primaries.

Democratic Sens. Clinton P. Anderson of New Mexico and Jennings Randolph of West Virginia had no party opposition.

Neither did Republican Sens. Carl T. Curtis of Nebraska and John G. Tower of Texas.

Republicans will pick an opponent to Sparkman at a state party convention July 29. Republicans Don Kinkaid and Pat Patterson are in a runoff primary to be held May 24 for the nomination against Harris.

The present party division in the Senate is Democrats 67, Republicans 33.

deron Carter and Randolph by Francis J. Love, who was a member of Congress 20 years ago.

Democratic Gov. Frank B. Morrison is running against Curtis in Nebraska.

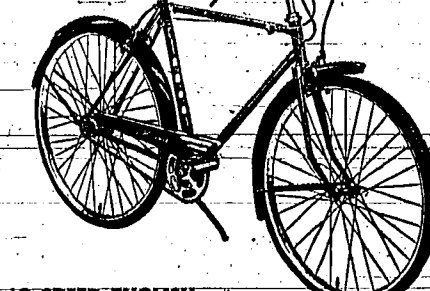

Texas Democrats picked State Atty. Gen. Waggoner Carr to battle Tower.

The present party division in the Senate is Democrats 67, Republicans 33.

Where to go . . . where to stay . . . what to do . . . everything for the most exciting vacation you've ever had! Coming Soon!

WEDNESDAY, MAY 25 . . . in the **Twin Falls Times-News**

Stocks

NEW YORK (AP)—The stock market was moderately lower early in the afternoon. Trading was fairly active.

Ford was ahead fractionally on news of its record car sales in the first five days of May. Wall Street was waiting for results from the other "Big Three" automakers—Chrysler and General Motors.

Many investors were marking time to see whether there would be a further reversal of the kind of news from Detroit which accompanied last week's sharp sell-off in stocks.

Most key stocks gave up fractions, some a point or two, but not enough to bring severe losses on average. The down trend was bucked by several blue chips, including du Pont which rose 1/2.

Sharper losses were taken among glamor stocks not represented in the averages. These have been moving much more widely than the general list, both on the upside and downside. Analysts saw them as undergoing some "correction" of recent list recoveries.

The Associated Press average of 60 stocks at noon was off 3/8 at 327.2 with industrials off 7/8, rails off 3/8 and utilities off 1/2.

The Dow Jones industrial average at noon declined 1.28 to 694.15.

Chrysler also held a fractional gain but General Motors was off about 1/4.

Locks of a couple of points were taken by General Electric and Douglas Aircraft.

Montgomery Ward, reporting a rise in earnings, advanced nearly 2. Gains approaching a point were made by Texaco and Air Reduction.

Among the electronics-color TV manufacturers, a group of Texas Instruments lost about 4, Polaroid 3, Zenith 3, Northwest Airlines 3, Xerox 4, Boeing, General Dynamics, American, Eastern and United Airlines about a point each.

Studebaker resumed its upward climb by adding about a point but Allied Products was unchanged.

Republic Steel steadied while U.S. Steel eased. Little change was shown by such big blue chips as American Telephone and Standard Oil (New Jersey).

IBM dropped 2 and Metro-Goldwyn-Mayor 1.

Hess Oil lost a point on continued profit taking.

Prices on the American Stock Exchange declined in active trading. Synco lost 3, Conduction and Textron were down about 2 each, Mack Truck warrants, Stanley Aviation, TWA warrants, Williams Brothers, Chromalloy and A. M. Castle a point or so. Callahan Computer Products dropped 1 1/2. Alloy (United) fell 1, Shattuck Penn and GTI fractions.

Corporate bonds were unchanged to slightly lower. U.S. Treasury bonds were mostly unchanged.

Dow-Jones Averages

30 Industrials	691.95	off 3.45
20 Rails	232.05	off 2.40
15 Utilities	37.45	off 0.36
65 Stocks	315.15	off 1.83

Michigan's Russell Goes To Knicks as First Pick In NBA Collegiate Draft

NEW YORK (AP) Cazzle Russell, everybody's "All-American" from Michigan, went to the New York Knickerbockers as the No. 1 pick in the National Basketball Association draft Wednesday and Dave Bing of Syracuse was snatched by the Detroit Pistons as the No. 2 selection. The 10 pro clubs dug through a long list of college prospects for eight rounds. They came up with the names of 70 players who now must be contacted to see if they are willing to play pro ball next season.

Wagon Sets Sights On Making Pro Team

POCATELLO (AP)—Idaho State University's Dave Wagon, the nation's number two scorer during the past basketball season, hopes to make it with the Baltimore Bullets of the NBA next season. Wagon, who averaged 32.5 points per game during the past season, said, "I took all along that I wanted to give pro basketball a shot."

Wagon was selected in the third round of Wednesday's NBA draft by Baltimore. Earlier this spring the star Bengal guard met with St. Louis Hawks officials.

"He's tough enough to make it," says Wagon, "but he's not as tough as I am. I've got to be a lot tougher than he is."

Wagon finished second in the 1966-67 season, scoring 32.5 points a game, losing out by only a fraction of a point. In ten Big Sky games he pumped in 342 points.

"I feel like it's a tremendous honor to be a boy who won the Big Sky Conference scoring title by a margin of 100 points but yet could not make the league's all-conference team," Rutherford added. "He's got to be the toughest player I've ever coached."

Wagon finished second in the 1966-67 season, scoring 32.5 points a game, losing out by only a fraction of a point. In ten Big Sky games he pumped in 342 points.

HAPPY ANGLER Cecil Knight, Buhl, proudly displays the 4-foot, 10-inch sturgeon he caught while bank fishing into Friday evening in the Snake River near Banbury. He caught the fish with smelt bait. The 40-pounder put up a struggle but Knight's 11-year-old son, Larry Knight, helped in winning the contest. (Times-News photo)

Finley's High Fence Delights Pitchers, Mesmerizes Batters

KANSAS CITY (AP)—Kansas City's Municipal Stadium was a favorite spot for homerun hitters two years ago. Now all American League pitchers are in love with it. Charles O. Finley, owner of the Athletics, has transformed the park from a home run garden into the King Ranch, or maybe the Grand Canyon, with a 40-foot-high screen and fence in right field and 22-foot-fences in left and center.

"It's mesmerizing the big hitters on the other teams," Finley says with glee. The season figures bear him out, at this stage.

The park is tailor-made for the A's, short on home-run power. In fact, it has made the A's into the Dr. Jekyll and Mr. Hyde of baseball.

At home, the A's are a .750 club, with six victories and two defeats, and a pitching staff earned run average of just 1.80. On the road, Kansas City is 1-13 with a 5.10 ERA. Their pitchers have allowed only two homers at home, both to left field, compared to 13 on the road.

"Well, I don't hit home runs, anyhow," said Tony Oliva, of Minnesota, a league batting champion, after his first look at the 40-foot fence.

"Hitting homers here is like trying to break par on an 8,000-yard golf course," said Ken Harrelson of the A's, a right-handed hitter who is golf champion among major league players.

"We're going to have a lot of triples here," said Ed Lopat, A's vice president and a former pitcher. He said it with a grin.

Just two years ago, Finley erected low fences across center field and a "one-half pent porch" in right field. The fences were low. Why? He had sluggers—Rocky Colavito and Jim Gentile.

Finley also insisted the New York Yankees were successful because of their short foul line tailored to their pull hitters.

The new fences didn't help the A's. A total of 230 homers were hit in the stadium, second highest in major league history, but the A's got out of the park in only 107 of them and they won only 20 games at home.

Last year Finley left the porch up in right, with Gentile still around at the start of the season, but took down the short, low fence in center and hooked up the others. The home run total dropped to just 115, only 47 by the A's, and they won 33 at home, 26 on the road.

Finley said the new fences were low. Why? He had sluggers—Rocky Colavito and Jim Gentile.

Oregon May Raise Commercial Season

PORTLAND (AP)—The spring commercial salmon season on the lower Columbia River may be extended because so many fish have gone over Ice Harbor Dam. The research staffs of the two agencies said on April 26 meeting that a minimum escapement of 100,000 salmon was needed in the spring run, with 32,000 going over Ice Harbor Dam in the Snake River, to make adequate use of riparian spawning areas and to give Idaho waters sport fishery.

They reported Wednesday that through May 6 some 167,000 salmon had gone over Bonnaville Dam, 74,443 over McNary Dam and 16,000 over Ice Harbor Dam.

They said the count at Ice Harbor was 2,000 more than the previous high record in 1962, the first year the dam was in place. Last year only 11,000 were counted there.

The present commercial season opened May 1 and is scheduled to close at noon May 27.

Commercial fishermen in the lower river have had light catches. Robert Schoning, Oregon state director of fisheries, said this was due in part to season's opening having been delayed until the majority of the needed escapement had gone over Bonnaville Dam.

Only Indians fish above Bonnaville and Schoning said enforcement of the closure there had lessened the Indian catch and helped in the escapement.

Tom Haller's double off Pirate starter Don Schwall scored on a triple play and Mays' walk-off home run in the first place. San Francisco Giants rolled to their tenth straight victory Wednesday night, downing the Pittsburgh Pirates 6-1.

The victory was the fifth this season for Perry, who has yet to lose. He struck out seven and walked three. Mays' two-run homer in the ninth provided the final Giant run.

STOREKEEPER at Magic Valley Memorial Hospital, Ralph Elliott, right, was among 182 employees and volunteers at the hospital-honored Wednesday night at a service awards dinner at the Elks Lodge. Presenting Elliott with his 25-year pin is R. W. Pierce, vice chairman of the hospital board. (Times-News Photo)

T.F. Hospital Volunteers, Employees Feted for Service

Employees and volunteers of Magic Valley Memorial Hospital were honored Wednesday night at a service awards dinner at the Elks Lodge. Storekeeper Ralph Elliott was honored with a pin in recognition of his 25 years of service to the hospital. Similarly honored were Esther Higgins, registered nurse, and Fenne Honderich, registered nurse, for their 15 years of service.

Guest speaker was John W. Hayman, administrator at Caldwell Memorial Hospital. He noted the hospital world is in an area of change — that future years will see more automation and new innovations introduced in the medical field.

He also challenged the approximately 200 people present to recruit young people for hospital careers to fill the increasing demand.

A total of 182 employees and volunteers were honored including the Sewing Committee, Candy Strippers and Pink Ladies.

Honored for 10 years of service registered in the nursing field were Della Dingle, Miriam Herring, Alma Lackey and Margaret Powers. Licensed practical nurses honored for 10 years service were Mildred Bauman, Dean Clough, Bernice Fillmore, Mary Hawkins, Iris Jacques and Wanda Jones. Myrtle Higginbotham, ward clerk, also was also honored for 10 years in the nursing field.

Registered nurses honored for five years service were Marilyn Blackburn and Carolyn Herzinger. Licensed practical nurses honored were Ruth Barnett, Wilbur Chandler, Blanche Palat and Vera Wilson. Others in the nursing field honored for five years service were Louise Harnall, Elaine Chavers, secretary, and Sharon Thomas, surgical technician.

Five-year pins were also awarded to physical therapist

Merle Herd from the laundry department also had five years credit as did William Alphin, Albert Souza and Engle Vissor, all maintenance and plant operation workers.

Volunteers and Candy Strippers were honored with pins, certificates and hats corresponding to the number of hours they have served at the hospital.

Mrs. Irene Oliver, administrator of Magic Valley Memorial Hospital, presided over the affair. R. W. Pierce, vice chairman of the hospital board, presented the service awards.

Polling Places Set for Buhl Trustee Vote

BUHL — Polling places for the Buhl School District No. 411 trustee election May 18 when two trustees will be elected for three-year terms, are announced by Rex Angering, superintendent.

Residents living in Gooding County will cast ballots at the Buhl School District No. 411 polling place in Twin Falls county will cast ballots at the Buhl High School.

Election personnel includes Mrs. Eve Walker, Mrs. Le Roy Carter, judges, and Mrs. Robert Cornie, clerk at the high school.

Mr. Fred Brailford, trustee district 1, and Robert Vukar and David Phillips, clerk, at the Brailford polling place. Polls will be open from 2 to 7 p.m.

Seeking election are Ray Carlowe and Harold Traxler, trustee district 2, and Robert Vukar and Derek Cantrell, trustee district 3. Incumbents Eugene Thomas and Fred Brailford are not candidates for re-election.

During the monthly school board meeting Monday night trustees authorized the signing of the contract with J. Robert Tullis, certified public accountant, to audit the books for the school district for the 1965-66 school year.

Trustees approved the request of the Buhl Jaycees for the use of the high school gymnasium for a dance on July 2 being held in conjunction with the Sagebrush Days celebration.

The board employed Gary Loomis to instruct Spanish and Dennis Boyle to teach physical science in the high school. It is noted Loomis is from Pocatello and attended Idaho State University, majoring in engineering. Boyle is a resident of Teton and attended Idaho State University with a major in Earth and Physical Science. It was pointed out vacancies on the teaching staff for the coming year include English and home economics instructors.

End of the year school activities announced include Baccalaureate services, May 22; high school Commencement exercises, May 26, and eighth grade graduation exercises, May 28.

Buhl public schools will dismiss for summer vacation at noon, May 25. Report cards will be mailed to parents, school officials said.

MEMORIAL PLANNED
ROME (AP) — A concrete wall 8 feet high and 21 feet long, placed by a huge concrete pail, will be erected in Rome's Borghese Gardens as a memorial to President John F. Kennedy.

Over-Protected Child Pays With Bad Back

BY HANS KRAUS, M. D.

Any disease produced by lack of exercise is a deficiency disease—as much as a lack of vitamins produces vitamin deficiencies. And like vitamin deficiencies, such a disease strikes hardest at the growing bodies of the young.

Few mothers will forget to feed their children enough vitamins, but how many will see to it that they have enough exercise?

Few parents will miss having their children vaccinated against contagious diseases like smallpox, diphtheria or polio. But how many think of preventing disease caused by lack of physical activity?

How many realize that lack of sufficient exercise and good exercise habits instilled in childhood is the main cause of tension, pain, back pain, overweight and heart disease in later life?

We live in an age in the middle of the 20th century, when the school and the community do so much for the child. Yet they rarely do, too many think of exercise as a "frill" rather than a basic human need.

Children are the first to suffer in our sedentary society. Your children with all the mechanized conveniences of today's life do not lead the comparatively vigorous life you led as a child.

Their muscles rarely get a workout, and their muscles do not develop properly. Instead of walking, today's youngsters ride. Think of the hours spent staring at television. Recent studies show that high school teenagers spend up to 30 hours a week at the TV set, only two hours, exercising.

You can find out if your children have minimum muscle strength by giving them the six K-W tests listed in the second article in this series.

If they do not pass all of them, this means they are not active enough, that they get more irritations than they can work off, that they watch more than they play, that they are establishing a damaging lifelong pattern.

You ought to change this. See to it that they run, that they swim, that they walk, and play games with lots of action.

You can do this not only at home, but in organized exercise classes.

If you have no such classes available, band together with other parents and hire a good exercise or ballet instructor for your group of children. Dance classes for even 3-year-olds are excellent.

Children like to imitate their elders. When you go out for a swim or a hike, to run, skate or ski, let your child come along.

You can even start with this. Instead of caging him in a playpen, put him out on the lawn and let him move around. Let him try out his muscles. As the child grows older, let him climb trees and fences if he wants to.

Don't Over-Protect

Too many parents—often the same ones who push their children into sports—are afraid their children will hurt themselves. A broken arm is not a catastrophe, if it should happen. In point of fact, the child that does not have the chance to learn about danger is often the child who is likely to suffer a severe injury.

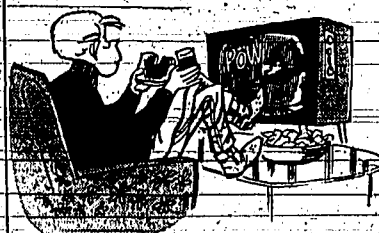

Don't be an over-anxious parent. At the same time don't be reckless. Ideally, find the dividing line between the two—did a young couple I know.

The two were avid skiers. When their little girl was three, she said she wanted to ski too. Her parents wisely, neither pushed nor discouraged her. Instead, they gave her a pair of skis to use in the backyard.

Soon she was asking to go with them on skiing trips. They finally relented, took her to a beginner's slope and let her go. She stayed at her side as she slumped down to make sure she didn't hit any obstacles.

The little girl couldn't get enough. But her parents insisted she leave the slopes before she had a chance to get either bored or tired. It kept up week after week. They also made her walk back up the slope.

Recent survey reports:
High school teen-agers
spend up to 30 hours at TV...

...and only TWO HOURS
WEEKLY EXERCISING!

At the age of five, she was ready for ski school. Today she is developing into an excellent skier, but more important she has learned to use her body.

Exercise In School, Vital

Children forced into sports often rebel—especially when they are below par physically. Recently I saw a 12-year-old boy at the clinic because his parents were worried about his poor posture.

There was nothing radically wrong—but he hunched his shoulders and had what might be called a hunched look, common in children and adults who are depressed or frustrated. When I tested the boy, I found he had weak abdominal muscles.

While the parents were both active and athletic, the boy was defenseless. He failed to make the class team when he went to school, although he worked hard. By the fourth grade, he hated sports and exercise. The more he was pushed, the more he balked. The poor posture was a defense. Worse, he was embarrassed by having to see a doctor for it.

To spare him further embarrassment, I sent him to an exercise teacher for private sessions. He made excellent progress, entered into group sessions. Now he plays in sports—and although he is far from the best athlete in the world, he is a healthy youngster with a positive attitude toward vigorous exercise.

It is important at the school level to provide regular exercise sessions for everyone—beyond the regular sports which cannot be played by everyone.

Tomorrow: The Exercising Man's Diet: Eat at Will but Work It Off.

YOUR BIRTHDAY and HOROSCOPE

THURSDAY, May 12 — Born today, you seem to have an almost insatiable curiosity about life. Desiring to know the why's and wherefore's of everything under the sun, you are bound to know frustration—but you are also destined to know great satisfaction through the accumulation of knowledge. You would probably do exceptionally well in one of the sciences, especially in the field of research. You need only take care that you do not allow your mind to roam unfettered, for it is with discipline that true knowledge comes.

One who keeps his ideals high, you need to keep your goals well-defined. Making the most of your talents in the direction of clear-cut aims could well make you one of the most influential and respected personalities of your own generation.

Misdirected, however, you stand an unfortunate chance of coming to an unhappy end, unable to function to full capacity. It is quite likely that you will be interested at least as a hobby in the mysterious and the occult. You are intelligent enough, however, to approach such phenomena from a scientific rather than an emotional standpoint, and it need not be pointed out to you the dangers of doing otherwise. Let your intelligence guard you also against being unduly influenced by those who would see you take another course.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Friday, May 13
TAURUS (April 21-May 21) — A day of general disturbance. Play your part as mediator and don't become embroiled in argument yourself.

GEMINI (May 22-June 21) — Test before you leap! What appears on the surface to be solid ground may give way under your feet if you move too quickly.

CANCER (June 22-July 23) — Exercise caution if undertaking any new venture at this time. These are days to scrutinize every offer carefully.

LEO (July 24-Aug. 23) — A day of intermingled good and ill. Be prepared to combat the inter and take advantage of the former—and to recognize the difference.

VIRGO (Aug. 24-Sept. 23) — Carefully analyze all opportunities offered today. Things may not be what they appear on the surface.

LIPRA (Sept. 24-Oct. 23) — Avoid taking risks today. If a project appears uncertain as to its profit-making possibilities, don't take it on.

SCORPIO (Oct. 24-Nov. 23) — This is no time for pushing your luck. Stick to what you know in both work and friends and

Stake Confab Is Planned At Jerome

JEROME—The quarterly conference of the Gooding Stake of the LDS Church will be conducted Saturday and Sunday at Jerome.

Two visiting LDS church officials will speak at conference sessions and confer with local leaders. The officials are Elder Percy K. Feltzer, a member of the priesthood Home Teaching Committee, and Elder Bertrand A. Childs, representing the Sunday School general board. Elder Feltzer is a former president of the North Garman and Berlin Missions. He has been a businessman in Salt Lake City for many years and was president of Temple View Stake at the time of his mission call. Elder Childs is a member of the Church's Deseret Sunday School General Board. He is an engineer with the Pacific States Cast Iron Pipe Company. He has been a school teacher and a seminary teacher. General conference sessions will be held Sunday at 10 a.m. and 2 p.m. at 50 North Lincoln. Nellis Eversen, stake president, will conduct. Visitors are welcome. Special meetings for home teaching and Sunday School leaders will be held Saturday.

Mrs. Cole to Head Cassia PTA Council

DECLO—Mrs. Gwendolyn Cole was installed as president of the Cassia County PTA Council when the Declo PTA hosted the meeting at the Declo Grade School.

Installing officer was Mrs. Keith Amodeo, Abilene State PTA Chairman. Mrs. Cole was selected to replace Mrs. Pauline Flora who has resigned to move to Pocatello.

Other officers are Mrs. Ina Judd, first vice president; Mrs. Eugene H. Anderson, second vice president; Mrs. Emory Winks, secretary, and Mrs. Dale Kidd, treasurer.

Recipient of the annual \$100 PTA scholarship was Jeanette Holyoak, daughter of Mr. and Mrs. Albert Holyoak, Burley, Idaho.

The scholarship was presented by Arvil Voyce, County Chairman, who was assisted in selecting the girls by Mrs. Winks and Mrs. Jay Wink. A past president's pin was presented to Mrs. Glen Judd by Mrs. Cole. Mrs. Judd expressed her appreciation to last year's officers for the assistance given her.

Refreshments were served under the supervision of the Declo PTA officers by Mrs. Norman Smyers, Mrs. Glen Bywater and Mrs. Everett Pardew.

10 Idahoans Get CPA Certificates

BOISE (AP)—The Idaho State Board of Accountancy reported Wednesday awarding of certified public accountant certificates to 10 Idahoans. They are: Karl Lewis Black, Jerome; James Wesley England, Pocatello; Verland Douglas Johnson, Bliss; Gary Allen Kinsling, Moscow; Fred B. Olds and William Keith Evans, both of Twin Falls, and James Bruce Balderson, Arthur J. Krohn, Jerry Roger Timm and Gary Glenn Michael, all of Boise.

Judging Slated In Sewing Event

TUTTLE — Judging for the National All-Cotton Sewing Contest for the Gooding County Pomona Grange will be held Saturday at the Wendell Grange Hall. All entries are to be at the hall at 1 p.m. with judging to begin at 1:30. Modeling and a coffee hour will be at about 3 p.m. to which the public is invited. The winning entries will be photographed and sent on to state competition.

King Hill Holds Senior Banquet

KING HILL—A senior banquet was held Monday night at the King Hill Hotel. The event was a fund-raiser for the King Hill seniors and their families, sponsored by the King Hill church.

Mrs. Jack Craig, was chairman of the dinner, assisted by Mrs. Charles Finlayson, and Mrs. Glenn McGlaughy, with Mrs. Nick Robinson, Sunday school superintendent, as chairman.

Rev. R. L. Barnes gave the benediction and H. O. Pipe was master of ceremonies. W. W. Knox spoke to the seniors on the "Opportunities in Idaho."

Selected University of Idaho

WATERLOO—David A. McGlaughy, Twin Falls, pre-med major, and Richard A. Staughter, Kimberly, political science major, are among the graduating seniors selected for Outstanding Senior awards.
